

A GOOD START CAN CHANGE A LIFE

FOCUSING ON CHILDHOOD SUCCESS

Your Leadership Gift can help children in Trinidad and Tobago build the foundations for lifelong learning.

HELP A CHILD TAKE THE NEXT STEP!

When you think back to your childhood, who helped you believe in yourself? Perhaps a teacher who gave you extra time, a parent who encouraged you, or someone who saw your potential before you could see it yourself. **For many children, that encouragement–and the right support at the right time–can make a lasting difference.**

At United Way Trinidad and Tobago, we are sharpening our focus on childhood success. Through our **Building Bridges from Learning to Success Programme**, we work alongside schools, families and specialist partners to help children develop the skills and confidence they need to thrive. At the heart of this work is a clear goal: **children reading to learn by age eight.**

But learning to read is connected to so much else. **A child needs to feel safe and understood. Teachers need tools to respond when a child struggles. A family needs practical ways to encourage learning at home.** Our programme brings these supports together, with music, sport and creative activities offering further opportunities for children to grow.

Our objectives include:

- **Empower Parents:** Support parents to effectively engage in the learning and development of their children.
- **Equip Teachers:** Provide teachers with tools and training to strengthen language development and social-emotional learning toward childhood success.
- **Expand Learning Through Play:** Promote Out-of-School Time (OST) opportunities–such as music, sport, and other creative activities–to foster holistic child development.
- **Enhance School Leadership:** Support principals and administrators in cultivating a culture of shared responsibility, collaboration, and continuous improvement within their schools.
- **Strengthen School Capacity:** Improve the infrastructure and systems necessary for effective learning.

A regular gift helps us plan ahead and stay alongside schools and families as they work towards these changes. You may give annually or spread your contribution throughout the year.
