

NOW! FOUNDATIONS OF SPEECH, LANGUAGE, READING AND SPELLING

AUGUST TEACHER TRAINING

From August 23rd to 25th 2023, 33 teachers from the schools belonging to our Building Bridges Programme were able to participate in the NOW! Foundations of Speech, Language, Reading and Spelling are part of United Way Trinidad and Tobago's priority area of Education.

The training programme enabled teachers to:

- Gain an understanding of the brain science underlying language development.
- Begin training on the Neurodevelopment of Words (NOW!) for Speech, Language and Reading Development programme and application in classrooms.

The three-day session provided valuable insights for the teachers as they prepared to engage with their students for the 2023 -2024 academic year which begins in September.

NATIONAL DAY OF CARING PART 2: PAN AMERICAN LIFE INSURANCE GROUP AT MUCURAPO GIRLS R.C

United Way Trinidad and Tobago (UWTT) was happy to help host Pan American Life Insurance Group and their 28 volunteers at Mucurapo Girls R.C. on Saturday 19th August for extended National Day of Caring activities for 2023.

The team came out in full force to paint the external school walls and their language lab, giving a much-needed facelift. Many hands make light work and through the contributions of our #CareAmbassadors we can continue to #ShowYouCareEverywhere. #LiveUnited

Show You
Care
EVERYWHERE

The [#CareAmbassadors](#) from First Citizens, Massy, Guardian Group, and Republic Bank braved the rains to [#ShowYouCareEverywhere](#) by doing outreach at Cashew Gardens Community Centre, Palmiste Government Primary, and Couva Children's Home and Crisis Nursery to beautify and uplift their surroundings and hearts for the National Day of Caring on Sunday, May 21st 2023. You too can [#ShowYouCareEverywhere](#) by donating, 🙌 visiting www.uwtt.com/give .
