With your generous support, United Way Trinidad and Tobago continues to transform lives in the common cause of caring. This Holiday Season we are asking that you continue to share the message of the good work we do and also to give where you can to help us make a difference! Visit www.uwtt.com/give#donate

CLASSROOM ASSISTANT TRAINEE PROGRAMME NOVEMBER 2023

UWTT's cadre of 14 Classroom Assistant Trainees from the CAT Programme, came out on November 10th, 2023 to train with our NGO Partner, Autistic Society of Trinidad and Tobago. The training sought to sensitize the trainees to the behaviors of children in their care who might be on the spectrum and as a result better support the teachers who work with these students on a daily basis. Click the following link to find out more about the CAT Programme which falls under the [Building Bridges Programme](#).

3M MASK DONATION TO REGIONAL HEALTH AUTHORITIES

On Friday 24th November 2023, UWTT facilitated an official handover of 169 Cases of 3M Masks, from 3M Central America & Caribbean to the Regional Health Authorities. The handover took place at the warehouse for the South Western Regional Health Authority at the San Fernando General Hospital, from which the masks would be distributed to hospitals, health centres, and clinics throughout the country. This gesture of goodwill from 3M was one of many and represented one of the largest in-kind donations from them that UWTT was able to coordinate.
